VISION

We believe that every child is potentially divine. We need to help them to grow freely in the lap of nature for a holistic development of their personality and creativity. Children should be provided with the right ambience and a very simulative and creative environment for their all-round development.

Our prime goal is to bring forth a balanced brave morally sound well-integrated knowledgeable and skillful human being for future society basing on the glorious socio-spiritual & cultural heritage of India. In the light of Indian philosophy, EDUCATION is the process of attaining liberation from bondages, a journey from ignorance to wisdom, "SA' VIDYA' YA' VIMUKTAYE". The only remedy of the present social crisis is the spiritualism based courageous moral knowledgeable skilful life of individual with the universal outlook. We are committed to inculcate the superhuman qualities in children through the practice of yoga exercises and meditation along with their regular scholastic and co-scholastic programmes in an intoxication-free moral environment.

MISSION

To attain the goal we are establishing the Education and Welfare units in different backward corners of the nation. As part of that to spread the light of Education in the remote and underdeveloped area of Duars the Multifarious Educational Welfare Project has come up with great promise. We encourage the happy blending of Modern Scientific Skillful knowledge and the traditional socio-spiritual Indian culture in Education. Our slogan is "Think for Children! Care for Children!"

FROM THE DESK OF PRINCIPAL

In the 125th year of Swami Vivekananda's Historic Chicago speech and 150th year of Birth Anniversary of Sister Nivedita, let us offer the PETALs of Little Flowers at their Lotus Feet.

We do believe that every Child is a Gift of God. Children have come down to the earth with a purpose along with immense potentialities. Everyone is useful to the world, none must be neglected by us.

We all are Child-Centric, as **Parents** we thrive for them, as **Teachers** we be alive through them only and the **Social Leaders** from different fields care for Children, the future of the Nation. Every Child is the best in his or her arena. Let them bloom with their self respect and confidence.

Educational Institutions are responsible to bring forth the children in to complete Human beings with a moral background, through proper and perfect Education, SA' VIDYA' YA' VIMUKTAYE, in a MANMAKING MISSION.

Learning is a spontaneous process free from burden, stress and tension, in an environment of love, affection and respect, SHRADDHAVAN LABHATE JNANAM

The school has stepped into the 24th academic session, approaching towards the "SILVER JUBILEE" Anniversary. We are dedicated to contribute the morally sound, academically bright and skillful creative leaders to the 21st Century Nation, through our institution. We wish to have your moral support and co-operation to march ahead to fulfill our pious responsibility to the humanity.

Thanking you all

S. Dam
Principal, LFES

From The Pen of CHIEF EDITOR of PETALS :

"The Best Teachers Teach from the Heart not from the Book"

Little Flowers Eng. School (LFES) is the only CBSE affiliated Private School in Alipurduar Town, dedicated to Indian tradition of education, arts, literature and culture with a motto of "Sa Vidya Ya Vimuktaye". It aims to inculcate good values and enrich personality. In Little Flowers' emblem "Blooming Flower" is a symbol of Light, Love and Liberation. The school desires to bring forth professional and non-professional personalities through different academic and co-curricular activities under CBSE guidance and NCERT Curriculum. LFES attempts character building and all round personality development and aspires unity in diverse socio-cultural heritage. It strives to create healthy atmosphere that will inculcate moral values among children like love and respect to the Nation, Leaders and Parents.

Value of life i.e. **Sanskar** can not be taught through speech only but needed to be initiated, inculcated and influenced in day to day life.

The PETALS is a pictorial magazine of our School (Garden), a reflection of journey towards perfection and skills/sanskar, all inputs throughout the year among our Students (Seeds). Students form different Houses (PETALS) receive and enrich their skills. They bloom and become flowers to spread fragrance to our human society and the Nation. Our dedicated efficient Teachers (Gardeners) are always active to maintain the fragrance.

We believe, a happy and motivated child learns better, faster and deeper for a longer period. To make them happy and motivated, children need Green-Playground, Open-Stage, Modern-Library & Laboratories, Animal Lovers' Corner, Social Forestry for Nature Lovers, Smart Class / E. classroom, Safe & Secure pollution free campus, away from city bustle, overall a huge scope of Planning-Decision Making-Participating-Leading besides the classroom learning within the School Campus.

PETALS, the pictorial magazine, reflects the existing Infrastructure, Scope and activities, **NOT IN WORDS** but in **PICTURE**.

We had to wait to publish this pictorial magazine for at least one year to capture the pictures of several activities throughout the year. It is our first time initiative to publish the pictorial magazine, so we had to face several technical obstacles too.

I am really thankful to **Mr. Sandip Karkun**, Director of LFES and **Mrs. Sukla Dam**, Principal of LFES for their initiative, thankful to all the Teachers of LFES who co-operated each time in any situation; Special thanks to the Teacher who played the role of Photographers; thanks to all LF Society Members, Managing Committee Members, Hon'ble Parents and well-wishers who co-operated with us. Overall our lovely Students who are individually special to us, had great contribution in publishing this magazine. At last, a special thanks to our Editorial team and our computer designer **Mr. Ashok Dutta** owner of **S. D. Graphics Zone** for their hardwork and innovative ideas.

Thanking you,

Dilip Paul,
Chief Editor of PETALS.

INSPIRATIONAL QUOTES BY SWAMI VIVEKANANDA

*" You have to grow from the inside out. None can teach you, none
can make you spiritual. There is no other teacher but your own
soul"*

*" Talk to yourself once in a day... otherwise you may miss a
meeting with an EXCELLENT person in this world".*

*" Anything that makes you weak physically, intellectually and
spiritually, reject as poison"*

*" Who is helping you, don't forget them. Who is loving you, don't hate
them. Who is believing you, don't cheat them"*

Inspirational quotes by Sister Nivedita

*"If the many and the one be indeed the same Reality, then it is
not all modes of worship alone, but equally all modes of work, all
modes of struggle, all modes of creation, which are paths of
realization"*

*" Education! Ay, that is the problem of India. How to give true
education , National Education; how to make you full men, true
sons of Bharatbarsha, and not poor copies of Europe ? Your
education should be an education of the heart and the spirit, and
of the spirit as much of the brain; it should be a living connection
between yourselves and your past as well as the modern world"*
